

Stick weaving

winter

You will need to bring some string or wool with you, or you could collect today and make at home.

Look for a forked stick on the woodland floor. Wind the wool or string in a zig-zag from one side of the fork to the other.

As you find natural objects like leaves and winged seeds, weave them in. Or you could find a bendy, flexible stick, make a loop and tie it together. Use the wool to make a framework and weave your objects into this.
